

Certificate of Analysis

Name: West Nile Virus NS1 Protein

Product Code: WNV-NS1-100 / WNV-NS1-500

Batch #:

Date of Manufacture:

Product Description: Recombinant West Nile Virus NS1 protein produced in 293 human cells. Protein contains a C-terminal His-tag.

Expression System: HEK293

Accession: ANW69303.1

Strain/Isolate: NY99

Amino Acids: 768-1143

Tag: 6xHis-tag, C-terminus

Amount: 0.1 mg / 0.5 mg

Concentration: mg/ml (*Specification: 0.4 – 1.0 mg/ml (by BCA assay)*)

Purity: >95%

Presentation: Liquid

Buffer: DPBS pH 7.4, 0.2µm filter sterilised.

Usage Guidelines

Short Term Storage: +4°C

Long Term Storage: -80°C

General Storage Conditions: Multiple freeze/thaw cycles are to be avoided.

Stability: Stable for 1 year at +4°C; stable for 1 year at <-20°C.

Freezing: Can be frozen
