

Certificate of Analysis

Name: Zika Virus NS1 Protein (Suriname Strain)

Product Code: ZIKVSU-NS1-100 / ZIKVSU-NS1-500 / ZIKVSU-NS1-1000

Batch #:

Date of Manufacture:

Product Description: Recombinant Zika Virus NS1 protein produced in 293 human cells. Protein contains a C-terminal His-tag. The oligomerisation state is predominantly hexameric.

Expression System: HEK293

Accession: AZS35340.1

Strain/Isolate: Suriname Z1106033

Amino Acids: 795-1146

Tag: 6xHis-tag, C-terminus

Amount: 0.1 mg / 0.5 mg / 1.0 mg

Concentration: mg/ml (*Specification: 0.4 – 1.0 mg/ml (by BCA assay)*)

Purity: >90% pure by SDS-PAGE

Presentation: Liquid

Buffer: DPBS pH 7.4

Usage Guidelines

Short Term Storage: +15 to +20°C

Long Term Storage: -80°C

General Storage Conditions: Avoid multiple freeze/thaw cycles

Stability: Not determined

Freezing: Can be frozen
