

Antibody Datasheet

Product Name:	Rabbit anti sheep IgG (H+L) Alkaline Phosphatase
Product:	Purified rabbit anti sheep IgG (H+L) antibody, conjugated to Alkaline Phosphatase
Product Type:	Polyclonal
Isotype:	Rabbit IgG
Product code:	PAB21446AP
Batch Number:	
Amount:	1.0 ml
Buffer:	50mM Tris, 1mM MgCl ₂ , 50% glycerol pH8.0
Preservative:	0.09% Sodium Azide (NaN ₃)
Immunogen:	Purified sheep IgG
Purification:	Pooled antisera from rabbits hyperimmunised with sheep IgG was purified by affinity chromatography on sheep IgG covalently linked to agarose.
Specificity:	This antibody is specific for heavy (H) and light (L) chains of sheep IgG. Cross reactivity may occur with immunoglobulins from other species.
Applications:	ELISA, WB, IHC
Storage:	Store at +4°C for up to three months, or at -20°C for longer. The Antibody is shipped at ambient temperature. Avoid repeated freeze/thaw cycles.
