

Certification of non-infectious material

Name: Yellow Fever vaccine serum IgG bleed

Product number: SER71202

Description: SER71202 is a liquid preparation of serum obtained from a recipient of Yellow Fever vaccine (17D strain), 6 weeks post immunisation. It is therefore suitable as a source of anti-YF IgG antibodies.

This preparation is derived from healthy human donors, with no evidence of infection or exposure to infectious agents. The material has been tested and found to be negative for HBsAg, anti-HIV antibodies/antigen and HCV antibodies.
