

Antibody Datasheet

Product Name:	Mouse anti Marburg virus
Clone number:	FM11
Isotype:	Mouse IgG1
Product code:	MAB12367-100 MAB12367-500
Batch Number:	
Amount:	0.1mg 0.5mg
Concentration:	Batch specific
Buffer:	Phosphate Buffered Saline pH7.2
Preservative:	0.09% Sodium Azide (NaN ₃)
Purity:	Purified by chromatography on protein G Sepharose.
Immunogen:	Purified, formaldehyde-inactivated Marburg virus.
Specificity:	Antibody recognises high molecular weight material under non-reducing conditions and ~30K protein band under reducing conditions in western blotting.
Applications:	ELISA, Western blotting For Research Use Only. Not intended for diagnostic use.
Secondary reagents:	Goat anti mouse IgG:HRP (PAB21441HRP)
Storage:	+4 °C (+2 ... +8 °C). Antibody is shipped at ambient temperature.
