

Certificate of Analysis

Name: SARS Coronavirus Nucleoprotein (N-Term).

Product code: REC31750-100
REC31750-500

Batch #:

Description: Recombinant protein (32 kDa) manufactured in E. coli. Contains Nucleocapsid core protein (strain CUHK-L2), 1-49 amino acids immunodominant regions. SARS Nucleocapsid protein 1-49 a.a. is fused to a GST tag.

Amount: 100µg
500µg

Formulation: 50mM Tris-HCl, 60mM NaCl and 50% glycerol.

Purity: > 95% as determined by 10% PAGE (coomassie staining).

Presentation: Liquid.

Applications: ELISA, Western blot.
For Research Use Only.

Usage guidelines

Storage: Upon arrival, store at below -18°C.
