

Certificate of Analysis

Name: SARS Coronavirus Membrane Protein (Matrix).

Product code: REC31753-100
REC31753-500

Batch #:

Description: Recombinant protein (30 kDa) manufactured in E. coli. Contains the Membrane protein (also known as Matrix), 182-216 immunodominant regions.

Amount: 100µg
500µg

Formulation: 50mM Tris-HCl, 60mM NaCl and 50% glycerol.

Purity: > 95% as determined by 10% PAGE (coomassie staining).

Presentation: Liquid.

Applications: ELISA, Western blot.
For Research Use Only.

Usage guidelines

Storage: Upon arrival, store at below -18°C.
