

## Certificate of Analysis

**Name:** Feline Immunodeficiency Virus Core Protein

**Product Code:** REC31795-100 / REC31795-500

**Batch #:**

**Date of Manufacture:**

**Product Description:** Feline immunodeficiency virus core protein is a recombinant antigen produced in E. coli.

**Expression System:** E. coli

**Molecular Weight:** ~26 kDa

**Amount:** 0.1 mg / 0.5 mg

**Concentration:** mg/ml

**Purity:** ~90% by SDS-PAGE

**Presentation:** Liquid

**Buffer:** Bicarbonate buffer, pH 8.5 + 0.02% azide

**Applications:** ELISA, LFA

### Usage Guidelines

**Short Term Storage:** +4°C

**Long Term Storage:** +4°C

**General Storage Conditions:** Do Not Freeze.
