

## Certificate of Analysis

**Name:** Echinococcus Granulosus Antigen

**Product code:** NAT41602-100 / NAT41602-500

**Batch #:**

**Description:** Echinococcus granulosus material is derived from bovine hydatid cyst as sterile filtered cyst fluid.

**Health and Safety:** No specific biological hazards are known to be associated with this product. It should be handled with appropriate safety precautions for biological materials.

**Amount:** 100µg / 500µg

**Concentration:** 0.3-3 mg/ml

**Presentation:** Liquid

**Buffer:** 100 mM glycine buffer, pH 9.5. May contain additional bovine serum albumin as stabilizer.

**Other Information:** QC serum panel (multiple negative, borderline and positive sera) within defined reactivity range in Echinococcus IgG Elisa.

### Usage guidelines

**Storage:** -65 °C or below.

**Stability:** Not tested

**Freezing:** Avoid repeated freeze-thaw cycles.

**For Research Use Only**
